

## **What sets us apart?**

**We are fully committed to high quality care based on deep relationships. This means, profit margins are even tighter than typical programs that don't follow our model. Therefore, we need to enroll strategically. We do this by making sure each classroom meets the enrollment goals required to maintain consistent hours for staff. This consistency in staffing also helps the children develop the deep relationships they need to learn optimally.**

### **Additionally:**

- Ratios are significantly better than required by the State**
- Meals are created by a professional chef**
- We practice strengths-based approaches like the California Teaching Pyramid and WestEd's Program for Infant Toddler Caregivers (PITC)**
