

Safety/Health/Hygiene

Safety

Our schools are accessible only to those that have access codes, or badges. All families must secure their badges from the State of CA within 30 days of enrollment.

All staff have DOJ background checks. Additionally, all subs, Nursing rotation students, Fieldwork students, and Apprentices have the same background check as staff.

Health

We do health checks daily and throughout the day as temperaments change. Our illness policy is designed to keep all families and staff safe as we understand some staff and children have increased susceptibility to illness, or go home to immunocompromised people. Our illness policy is designed to reduce spread of illness, and ensure we always have ample staff to meet State ratios.

Hygiene

Handwashing is one of our favorite tasks! Upon entry into classrooms, all adults and children are expected to wash their hands with soap and water before engaging in activities. Also, our infant classroom is shoe-free. Surfaces are cleaned regularly, with mouthed toys being disinfected as needed. All surfaces are cleaned with soap and water, then sprayed with Purell spray for disinfection.
